No flag but the Old Flag—the Red White and Blue
With the stars of a Union unbroken and true!
Arise and defend it ye sons of the brave
Whose blood bought the banner your valor must save

WEDNESDAY MORNING, APRIL 29, 1863

Who Opposes Union Leagues?

The copperhead organs and politicians in this State do not approve of Union Leagues. They advise Democrats not to join them for fear they will sacrifice their independence, or somehow in this way be sold out to the Abolitionists. We are not surprised at their opposition; it is consistent with their action ever since the war begun. It shows their sympathy with the enemies of the Union. These last, fighting in the rebel ranks, do not admire Union leagues any more than their Northern friends and supporters. They see in them indications of united and determined zeal and loyalty which are convincing proofs that the sympathy from which the elections last fall led them to expect so much, is rapidly fading away. The *Richmond Enquirer* of 21st March, says:

> The peace delusion is blown away. Neither from foreign intervention or from the imperious decrees of King Cotton, nor from friendship of the Northwest, nor from stupid rumors of demoralization in Yankee armies, does any hope of peace dawn on the land. We must fight or submit. If they can take Richmond, Charleston and Vicksburg within six months their financial credit is restored and party feuds cease. The plain truth is we are in the midst of the war, and during the coming Spring and Summer that war will be more fierce and unrelenting than ever before. The Yankee army is just beginning to fight. * * * Great Union meetings are the order of the day at the North. Democrats bury the hatchet just lifted against Lincoln. Vallandigham will soon stand where John Van Buren does.

The rebel writer sees no star in his dark night, and concludes with a passionate appeal to Southern traitors to fly to arms, to deserters to return to the ranks which they have left to bleed in vain, and to the people of the Confederate States to sacrifice all to the cause of the rebellion. Of course Union leagues do not please such a rebel, and the "meetings now the order of the day at the North" cannot but disturb and dishearten his treacherous soul. Of course also, the same proofs of hearty and increasing loyalty are unwelcome and disgusting to the copperheads at the North, and we need no better evidence of sympathy with secession than is found in objections and opposition to *the union of loyal men for the sake of the Union.* A patriot will rejoice in the adoption of any measure which promotes this,—a secessionist will growl and grumble and find a thousand faults, just because the measure is likely to prove effective in crushing the rebellion and its supporters at the North as well as at the South.

Circular to the Troops.

We take pleasure in publishing the following circular from Gen Alvord. It affords gratifying proof that the past services of the troops in this District are justly appreciated by the Brigadier General commanding, and that no efforts have been or will be spared on his part to secure the best compensation possible for the soldiers under his command.

HEADQUARTERS DISTRICT OF OREGON,
Fort Vancouver, W T, April 14th, 1863

The General commanding the District desires to inform the troops of his command that he, and also the General commanding the Department, have, several months since, made the most urgent representations as to the justice and propriety of the troops on this Coast being paid in gold. These repeated representations have gone both to the War and to the Treasury Department. This statement is made by the undersigned, as the troops are entitled to know that sympathy and interest have been exhibited by those in command. If they shall not be paid in great part in gold, it will not be for the want of the most strenuous exertions on my part.

As they are about to take the field again for the defence of the frontier, for the protection of the emigration, and for the punishment of the murderous Snakes, the undersigned cannot refrain from expressing his high appreciation of their services last summer, and his admiration of the patient endurance, the soldier-like fortitude and perseverance they have exhibited in the performance of such patriotic services. It is but just to remember also that the troops are deprived of the stimulus which sustains our brave comrades at the East, who are engaged in a life and death struggle for the preservation of the Government and of our national rights and liberties.

BENJ ALVORD, Brig Gen,
U S. Vol, Comd'g District

DESTRUCTION OF A REBEL NUISANCE.—The telegraph reports that the office of the California *Republican*,—a mean secession organ—was broken up last week, and its contents scattered in the street. While we have no sympathy for its proprietors, who know their treason and deserve no pity when thus punished for its utterance we do regret the violation of law and good order, which such summary justice involves. We have no doubt that loyal men are provoked beyond endurance, and almost until forbearance ceases to be a virtue, by the daily abuse of the Government and of the institutions of freedom, which this worthless sheet has for some time published, but it is better to let it exhaust itself in wickedness, and die—the object of scorn and contempt—than to permit it to boast of persecution and claim the honors of martyrdom. But the deed is done, and the paper is stopped, never to be resumed, till it becomes true to the Union and the Government.

Letter from Auburn

[FROM OUR REGULAR CORRESPONDENT.]

AUBURN, April 19th 18

After a three weeks silence, occasioned in part by illness, I take another try at correspondence. Since my last winter has given way to spring—not yielding the struggle graciously, but with occasional fits of ill humor following some very pleasant intervals.

MELTING SNOWS—MINING PROSPECTS.

The snows have almost entirely disappeared about us and green grass is springing up very fast on the sides of the foot hills where the snows so lately lay. But the melting of the snows has afforded very little satisfaction, in a business point of view, for the thirsty hills have absorbed their late covering, and still there is no water in the gulches and only a moderate supply in the larger streams. This proves a great disappointment to the miners generally and is quite a serious draw back on the prosperity and growth of Auburn. The only relief will be from the ditches that are being brought in for the Canal Company have still a large job before them ere they can bring water to satisfy the wants of this vicinity, and the small ditches now existing afford only a limited supply. In the mean time those who have water seem to be doing well, and there is some dust in circulation. Some sales have lately been made of claims in French Gulch at a handsome figure averaging about $1,000 each, which shows that capitalists have confidence in our mines, especially as the money was paid down.

As I have all along predicted the country on Burnt river and beyond is attracting considerable notice and many are leaving for that section every day. Clark's Creek is a stream that affords a good supply of water all the year and is being extensively mined at present, affording a good average yield. The creek itself is not yet worked, but the flats on it are rich, and even the hill sides are said to contain large quantities of pay gravel and probably no single stream in all this upper country affords more extensive diggings and better pay than does this. Some five miles from Burnt river it forks, and all the tributaries pay to the source, and all the main stream, also. Clark's Creek is the principal mining attraction at this time, and there is said to be good ground upon it still to be claimed.

BOISE—ROUTE TO THE MINES.

From Boise we learn that times are good and many doing well, but there was news of extraordinary discoveries just made on Wood river, some 100 miles east of there—mines that threw Salmon river entirely into the shade, and men making from $16 to $20 per day at Placerville were leaving for the new mines.

The latest patent humbug is the route to Boise via Canyon Creek, a route which may be passable in the summer time but which is now covered with impassable snows, and even at the most favorable seasons possesses no advantages over the routes via Grand Ronde. Brownlee's ferry and Olds's ferry lower down on Snake river, must either of them afford a nearer, safer, and better route. Safer because more removed from the line of Indian depredations—a most important point, let me tell you, now, when animals are being stolen by the hundred on all the upper routes. I am about visiting the mining regions of Burnt river, Clark's Creek and Mormon Basin on a tour of observation, and shall, I think, be able to gather important items of interest.

SAD ACCIDENT—SHOOTING AFFRAY.

A dreadful accident occurred a few days ago, which resulted in the death of two of our citizens. It was a very blustery day, and the wind blew down a tree that was partly undermined, and the roots being mostly cut. These two men were looking on and were killed by the falling tree. One of them, named Isaiah Wheat, an emigrant, was horribly crushed, and met with instant death; the other, named John Suce, from near Napa Valley, in California, was so badly injured that he died in about twenty minutes.

A shooting affray occurred not long since at Legrande, in Grand Ronde valley resulting in an innocent person being shot through the head, leaving his recovery very doubtful.

EVADNE.—As was expected, the Theatre was crowded last night, by our citizens to witness the first appearance in this city of Miss Edith Mitchell, in the beautiful play of 'Evadne, or the Hall of Statues,' and we are pleased to say that Miss Mitchell fully met and even surpassed the expectations of all present. She is unquestionably an actress of rare talent, and gave unmistakable proof that she understands the spirit and can truthfully represent the character of her plays.—Mr G B Waldron did admirably well, as in fact, the whole troupe, sustained their several parts of the play scarcely without a fault. To-night the great drama of 'Three Eras in Woman's Life,' Miss Edith as 'Madelaine,' will be played, and as this is one of her best plays, we are confident it will pay everybody to go and see it.

UNION LEAGUES.—The *Bee* has the following:

The Marysville *Express* of yesterday publishes what it says is 'the ritual used by Union Leagues in Ohio,' and in connection therewith offers the following advice:

'And here let us caution every democrat to beware of the insidious and dangerous organization.'

The obligation which members take is:

'To support, protect and defend the Constitution and Government of the United States and to defend this State or District against any invasion, insurrection or rebellion to the best of my ability without any mental reservation or evasion whatever. Furthermore that I will aid and assist in electing true and reliable Union men, and none others, to all offices of trust from the lowest to the highest in town, county, State and General Government.'

That is the sum and substance, marrow and bones, the life and soul of the whole ritual as it appears in the *Express*; and yet that journal cautions 'Democrats to beware of this insidious and dangerous organization.' Should not democrats protect the Constitution and Government, defend the laws, oppose rebellion and choose only Union men to office? And yet an organization which has as per its own showing only these objects in view the *Express* calls 'dangerous and insidious.' Dangerous to what—loyalty or treason? Dangerous to whom—the patriot or rebel? Will the *Express* explain?

CANVASS IN CONNECTICUT.—The canvass in Connecticut was conducted with extraordinary energy by both parties. James T Brady and Daniel S Dickinson were the leading orators upon the Union side. James Brooks, Fernando Wood and Isaac Toucey were the most conspicuous speakers in favor of 'peace.' Brady remarked of these men that when they said they "wanted peace" they merely committed a grammatical blunder—they wanted 'pieces.' Thirty pieces perhaps.

BY THE OREGON TELEGRAPH LINE FROM SALEM

LATER FROM THE EAST.

Dates to April 21st.

CHICAGO, April 22d.—The municipal election yesterday was hotly contested and passed off quietly notwithstanding the intense feeling among the voters for the result. Twenty thousand three hundred votes were cast, being the largest number of votes ever polled in the city. The entire Democratic ticket was elected by from 100 to 1,000. They have a majority in the city council.

MEMPHIS, April 21st.—On Saturday last the [illegible] regiments of infantry and [illegible] cavalry left Memphis on a reconnoissance [illegible]. They came up with some rebel cavalry and after a short engagement the rebels fled towards Coldwater. Early on Sunday morning Major Hays with two companies of cavalry attacked the rebels killing twenty and wounding forty. They also captured eighty prisoners. The rebels fled in great confusion across Coldwater. After crossing they [illegible] reinforcements and Major Hays fell back eight miles to Fernando. The rebels did not follow. At Fernando our cavalry received [illegible] regiments of infantry and artillery and [illegible] until [illegible] attacked the rebels. The fight lasted until sundown. Our loss was [illegible] killed and twenty [illegible] wounded. The fight was continued mostly with artillery.

ST. LOUIS, April 22d.—Intelligence has been received that General Marmaduke with a force of from 160 to 200 rebels and six pieces of artillery was advancing on Patterson's battery south of Pilot Knob. Col Smart commander at this post thus telegraphs:—A scout [illegible] Black River [illegible] Saturday morning last they were repulsed [illegible] the concentration could be made. The attack began at 12 o'clock between the [illegible] advance and our scouts. I sent Maj We[illegible] with a battalion in that direction and held them in check and skirmished on to the town. This gave us time to load our trains and have them ready to move if we had to retire. But I left the place was totally destroyed and some stores which I could not get at to bring away. Nothing fell into the hands of the enemy.—The fight continued till night. Eight miles this side of Patterson the engagement was very severe. After fighting hand to hand, they got into our front and attempted to cut off our retreat but I forced my way to the ford on this side of the creek. Loss in killed and missing about 50. The regiment fell back in good order and is now together.

INDIANAPOLIS, April 22d.—The military forces sent to Danville returned yesterday with seven ring leaders. After examination they made affidavits as to the extensive character of the Knights of the Golden Circle and that there were members who had made a complete exposition of its affairs. It is said on good authority that Prosser had several hundred men are now guarding his house in Brown county, who declare that he shall not be arrested.

NEW YORK, April 22d.—The *Herald* has letters from New Orleans which say that the news of to-day from Brashier city is of the utmost importance. The enemy evacuated the works at Centerville last night but will be captured. Their entire force is enclosed between Drover's Fort on the one side, and Wetzel on the other. The enemy are leaving their arms behind.

The ram *Queen of the West* was captured from the enemy in Grand Lake this morning. Capt Fuller commander and all the officers and crew, numbering ninety men, are now prisoners at Burwick Bay.

FORTRESS MONROE, April 22d.—The steamer from Newbern, with dates to the 19th reports that Gen. Foster, with a brigade, left on the previous day for Washington, North Carolina. The Captain reports that the monitors were all off Hilton Head on the 16th.

NEW YORK, April 22d.—Fresh rumors are afloat every day about Charleston. The truth seems to be that the brief attack was a heavy reconnoisance which might have been easily made a grand attack so that Dupont will be prepared for the work should he renew the attack. The report telegraphed a few days since that the President peremptorily ordered a renewal of the attack is groundless.

Port Royal advices received state that the monitors are being iron plated on the decks. Attempts had been made by the rebels to raise the *Keokuk*. The weather is getting uncomfortably warm. The health of the troops is good. A large steamer is reported as having run out of Charleston on April 13th.

WASHINGTON, April 22d.—The Navy Department has official dispatches, dated Steamer *Pensacola* off New Orleans, April 13th which say, on the 27th of March Admiral Farragut in the *Hartford*, engaged the batteries at Warrenton, below Vicksburg, and passed below on the 19th. These two steamers, in company with the *Switzerland* moved down the river and on the evening of the 31st, engaged the batteries at Grand Gulf for fifteen minutes receiving no damage. They then proceeded to Bayou Sara where they destroyed about 10,000 casks of corn and beef. On the 6th of April, the vessels arrived and anchored five miles above Port Hudson.

SANDY HOOK, April 22d.—The *Persia* from Liverpool with dates to April 11th has arrived. England France and Austria have sent a simultaneous dispatch to Russia concerning Poland. The dispatch was friendly. Russia was making active preparations. The London *Post* says the American blockade is the only efficient mode the North has now for carrying on the war. The maritime powers may have to consider how long such warfare shall continue.

SACRAMENTO, April 22d.—The office of the Sacramento *Republican* was sacked this morning. Twenty men armed with muskets bayonets fixed [illegible] the type out of the cases and [illegible] the Weekly edition.—The forms of the Daily had gone to press and were saved. The loss is estimated at $1,000. It is believed to have been done by soldiers from Camp Union.

CITY.

THE MORNING OREGONIAN has a larger SUBSCRIPTION LIST than any other Daily published in this City

RAILROAD MEETING.—A meeting of the citizens interested in the building of a railroad from Portland to Marysville will be held in the Court House this evening to take into consideration the importance of building such a road, and the necessity of subscribing means for the preliminary examination of the route. Some of our prominent citizens will address the meeting.

RECORDER'S COURT.—Business continues lively and prospects looking up. Charles Neal stood a trial yesterday for breaking into the "Identical Saloon" and stealing $9 121 therefrom. Jury found him guilty and the Court sent him up to the County Jail for three months. Good joke on Charles.

Cornelius Leary, son of old man Leary, was next in order. Cornelius had been imbibing rather too freely in "corn juice," which made him somewhat obstropulous, and the Recorder admonished him to the tune of $5 and costs. Not having the "ready," he was sent up for four days.

Some other cases were disposed of, but no positive results followed.

SWAN ISLAND BAR.—We learn that this obstruction to the navigation of the Willamette river is, at last, to be removed, the means for which are to be raised by subscription.

FAST DAY.—Notice has been given that religious services will be held on Thursday morning, at half past ten o'clock, in the Presbyterian, Episcopal and Baptist churches of the city.

From the Upper Columbia.

The following items from the upper country were condensed from the Walla Walla *Statesman* and Lewiston *Age* by the Dalles *Journal*, from which we copy:

FROM WALLA WALLA.—The Walla Walla *Statesman* of the 25th inst. says the stages between that place and Lewiston were to commence running regularly on Monday the 27th, leaving Walla Walla at 3 o'clock P. M. each day.

The criminal docket of the District Court, now in session there, has been cleared very suddenly and informally, though effectually, by the escape of all the prisoners from the county jail.

Specimens of gold brought into La Grande, from the newly discovered mines on the Grand Ronde river, are of coarse quality, resembling the gold of Powder river. The miners there are reported to be making an ounce per day to the man.

The *Statesman* thinks steamboats can do their own "puffing" on the Columbia river without the aid of newspapers.

The reported Vancouver Union Convention, to nominate a candidate for Congressional [illegible], is very cavalierly given the cold shoulder by the *Statesman*, speaking, we presume, by authority, for the entire Walla Walla valley.

The Saddle Train of Mr. Ish is now making regular trips from Walla Walla to Boise.

West, Wells, Fargo & Co.'s Agent at Auburn, writes that the express runs through now in two and a half and three days, between that place and Boise. The road is good and dry. The distance from Auburn to Boise is given as 130 miles—from Lewiston, 230 miles.

FROM LEWISTON.—The *Age* of April 22d, says it is reported that new diggings have been struck in an entirely new lead in Warren's mining camp. The same paper says the reports were so extravagant, that it did not wish to use them at present. Those having claims in Florence, were extremely desirous of employing a large number of hands to work them. One letter published in that paper from a gentleman in Florence says two thousand men could get constant employment there during the summer at wages from $5 to $7 per day, and if they arrived there before the first of May, it was the general opinion of miners that more gold would be taken out this season than was taken out last year.

The *Age* says of Gen. Alvord: "He is entitled to a great deal of credit for his exertions to promote peace and quietness in our borders. He has shown more favors and has manifested more zeal for the development of our Territory, than all other Government officials combined."

Two companies from Walla Walla have been ordered to Lapwai. Col. Steinberger will assume command of the post at Lapwai. The *Statesman* says of his departure from Walla Walla it "has produced the expression of profound regret throughout this community. His effective management of military affairs in this neighborhood, completely effaced the remembrance of former differences between the military and the citizen residents, and built up those friendly relations which should ever exist between American citizens. We hope that his successor may be as fortunate in his management of affairs."

Maj. Truax will have command at Fort Walla Walla. Lieut. Cabiniss has been appointed Quartermaster at Fort Vancouver. Gen. Alvord has ordered six companies to Fort Lapwai, to be present at the proposed Council. Three companies after this treaty, in case they are not needed longer there, will proceed from Lapwai to the Boise country. Col. Maury will have charge in the field.

Why, Charley dear, what have you been doing to yourself? I never saw you look so well. Don't you see, replied Charley dear, blushing, that I have on a new suit of clothes. There was nothing very unusual about this, but the fact of the outfit being supplied by Heuston, Hastings & Co., Lick House, Montgomery street, San Francisco, explained the mystery.

Portland R. A. C. No. 3.—A Special Convocation of Portland R. A. C. No. 3, will be held on Wednesday the 29th inst. Work in the R. A. Degree. All companions and sojourning Chapter Masons invited to be present.

By order of H. P.

Portland, April 25, 1863.

STORAGE.—THE FIRE-PROOF STONE WAREHOUSE, opposite Umatilla House is the only building not made of wood at the Dalles where goods are taken on STORAGE. All other houses that take goods on storage are wooden buildings and in exposed parts of the town, liable to the risk of fire. The subscriber assures his patrons that his charges are but $1 50 per ton per month storage and although storage in wooden buildings is $1 00 per ton, yet the public cannot fail to perceive the advantages the subscriber possesses over other warehouses of this place.

Dalles, Jan. 20, 1863 1m. RASEY BIVEN.

N. B. A liberal discount made for lots of 50 tons or more, where goods are Stored for more than one month.

Masonic.—Harmony Lodge No. 12, F. & A. M. holds stated communications on the 2d and 4th Mondays of each month, at 7 o'clock P. M. Brothers in good standing are invited to attend. By order of W. M.

Speech of Senator Conness

We publish this morning the following patriotic address of Mr Conness and commend it to the attention of those Douglas Democrats whose tender consciences have been troubled by the proclamation, the enlistment of negroes and the organization of Union Leagues It will be seen that he utters no uncertain or qualified words He even repudiates with great earnestness the position of other Senators from the Pacific Coast, who have not in his judgment always been as true to the Union as he professes to be We trust his course in the Senate is truly foreshadowed in this speech, so that none who elected him will have occasion to regret their action as we are sure they will not if he holds fast to his present professions Mr Conness said

Mr Chairman, ladies and gentlemen—I came here to night not to address you but to listen to the addresses that were to be made by many gentlemen, distinguished for public speech some of whom have already addressed you, and others of whom are here prepared to do so I did not desire to refrain from addressing you upon this occasion because I felt less interest in the great movement that you are inaugurating here to-night than any other of our citizens but because I thought it proper that those other gentlemen should discourse to you upon the condition of the country and the necessity, in the language of the resolution passed by the Assembly a few days since, of banding ourselves together as brethren in this great cause in which we are all so deeply enlisted [Applause] Who can question, fellow citizens, the necessity of the organization of the patriotism of the country ? Have we not been for two years engaged in a terrible war ? Is not our country yet encompassed with danger on every hand ? And under these circumstances who can question the necessity of the most complete organization of the patriotism of the country, except it be those dastard knaves—those dastard knaves—too many of whom live among us unworthy the name of American citizens [Applause] There is a peculiar necessity at the present time for this organization of which I speak There may yet be a necessity for placing in the field perhaps a million more of men to vindicate the cause of American liberty, to preserve in its integrity American nationality, to take care that our flag shall wave from the Atlantic in the east to the Pacific in the west, and from the great lakes at the north to the Gulf of Mexico, even though, in addition to all the battalions of our fellow citizens of the white race that are engaged in this war it should require also a half million or more of the negro race to bring about a triumphant result. [Cheers] There is an objection that comes from a portion of our people to the employment of this or that class of men in the defense of our Government Shame upon the man who refuse aid of any kind, when so great a cause is at stake, when so great a country is in danger [Applause] Why, fellow citizens, draw a contrast between the man of any race who are advocates of human liberty and the men of any race who are aiders and abettors of tyranny, strike a balance, and in whose favor I ask, will it be found? There are men in our country who profess to be lukewarm in this contest, because of the means that are employed to carry it on in behalf of the Government But every true man, every patriot desires only that the contest be successfully carried on and he must desire it carried on by the employment of all and every means that can accomplish the result. [Applause] We want this contest sustained by the mothers and daughters of our country, by the aid of all the citizens by the aid of the bold arms of our soldiery by the aid of all who can contribute to its glorious determination [Applause] Fellow citizens, even under these circumstances I would not perhaps have come before you to-night but that for some reason or other, through some mistake or other, it has been stated in the East that the people of California have been capable of and have recently elected to a high station a man not entirely true to the cause of the Union and of the country I recently saw a copy of the New York *Herald* of the date of February 11th and in the regular Washington dispatch to that paper it was announced that the new Senator from California would, in his action in the Senate of the United States, conform to that of Senators Nesmith and McDougall God Almighty forbid ! [Applause and cheers, followed by "three cheers for John Conness," more applause and a "tiger "]

Fellow citizens, I have said constantly in conversation since this war began that if I were opposed—if it were possible that I were opposed to ninety-nine out of every hundred of the measures of this Administration—that yet I would be with it in the prosecution of this war heart and soul, life and spirit, with all the manhood with which God has ennobled me. [Applause] What of the differences—what of any difference that can arise between Americans now, upon mere measures? Of what account or consequence is any such difference? None whatsoever And yet, fellow citizens, there are those among us aye and in high public station, some of them, to our deep regret and shame, yet representing loyal, noble California who refuse to sustain, with a fullness of heart and with a manly courage the only Administration through which this Government can be preserved, because of pretended differences about measures I do not mean to be understood here—for I wish to be clearly understood—as asserting or stating that I am opposed to any measures of this Administration We have a noble President There is a President at the head of the Government [Applause] Abraham Lincoln may not be the greatest man in the United States, but I tell you, fellow citizens, that our country is blessed of God in having so good and so great a man in the Presidency in this great crisis [Cheers] The cunning villain who, pending this great struggle, seeks the gratification of personal interest alone, may now and then have imposed upon that great and good man, but in the main his measures have been wise, at all times his conduct has been just Throughout this great trial and struggle his patriotism has been of the same character and stamp as that of the great and immortal Washington But, say these objectors, the supporters of this Administration are Abolitionists Beauregard advises his Southern friends to denominate the soldiers of the Government abolitionists, and craven, dirt eating, false sons of the North echo and follow the advice Why, fellow citizens, if an abolitionist were the basest creature that ever heretofore disgraced the earth, he would yet be perfection compared with the miserable wretches who set up such pretenses while their country's life is at stake What is it to be an abolitionist ? It is that the person whoever he may be, is in favor of abolishing something These men would not abolish slavery, they would not blot out or abolish slavery, though it stood at the nation's throat, taking the nation's life But they would stand by while their country was being abolished and being stricken from the map of the world Shame upon such abolitionists Shame upon those abolitionists who are in favor of or who stand coolly by while the attempt is being made to abolish a country, to abolish a Government so beneficent, so wise, so grand in the scope of its great work of giving civil liberty to the earth [Applause] Fellow citizens I will not continue long to occupy your time I will draw to a close by saying that I am anxious and eager to contribute in any and every way by vote and by voice by labor and by pains and by life if necessary to the sustaining of this great Government Let us league together Let us league together that this work may be surely done Take care fellow citizens that while our soldiers are in the field they shall not be made to feel the effect of a fire in the rear ? Take care those of us in California, that it shall not become necessary for the few regiments which have gone out from our State to hold meetings and resolve and reprehend us as a people But why should it be necessary or why give any such warning ? California is loyal through [illegible] but let us organize its loyalty [Applause] Let us combine its patriotism And I am ashamed to have to say let us strike contemptible partisanship because every true man understands that it should not be allowed to stand in the way Let us combine and let the influence of that combination and concentration of opinion and action be felt everywhere as it will be not only in our State but throughout the entire Union Let us resolve and let the resolve have our lives as a forfeit that this Union shall be a unit that there shall be no disintegration of these States that slavery and the whites too of those States, if necessary shall go off these broad acres that God has given us as an inheritance and that have been placed there for the use of millions on millions yet unborn intended to be free American citizens [Cheers.] Let there be no partisanship in this movement Let every man go into it that loves country more than party Look to the East, what are your John Van Burens, your James T Bradys and other democratic leaders in the East engaged in now ? Ah, they had been partisans long enough ! They carried on partisanship until the great Empire State of New York was threatened to be left out in the cold It was fine fun to some of these partisans in New York—it was amusement they thought—it was giving the republican Administration hits, as they would say—so long as treason talked only of leaving New England out in the cold But when New Yorkers began to feel that the disintegration of the American States was intended to make another empire of the West on the Mississippi seeking the mouth of that river as the outlet of its trade and that New York was also to be left out in the cold, they became aware of what would be the terrible effects to them of dissolution and disintegration [Applause] And now we hear no more of quasi treason from Gov Seymour We hear nothing but patriotic words spoken by the Van Burens and Bradys and other leaders of the democracy of that State Shall we hear treason spoken here ? Or shall we have any more mouthings of treason from democratic mouths ? I hope not, I trust not And if they attempt it, I trust that the rank and file, the virtuous body of the people that have no interest in sustaining party against country will leave such a party to be composed of leaders and leaders alone [Applause] Let our action be such that the soldiers of our country in the field shall be sustained, that our civil authorities shall be sustained and maintained and we fill the measure of American glory to overflowing Let this be our action fellow citizens Let us be re inspired with love of country, and let us present a united front to all the enemies of the country no matter in what garb, or with what pretenses they come [Cheers and applause]

LEGAL.

U. S. INCOME TAX.

THE LAW CONTEMPLATES THAT EVERY ONE shall pay on all nett profits (less $600) derived from any source whatever A person is allowed to deduct all legally assessed National, State and County Taxes, hired help Rents Drayage &c necessary to carry on his business but no farmer merchant mechanic or any person has a right to deduct his own labor as so much expense from his income

The Income Tax is to be paid on the income of the year commencing January 1st 1862 so that on the evening of December 31st 1862, everybody should take up a record of their income gains or profits for that year And has many sources of income such as Dividends on Railroad Bonds and Stocks Insurance Stock Savings Banks Interest, &c (they having already paid the income tax) are not again taxed It therefore becomes necessary to have a clear record of the sources of income that there may be no dispute with the Assessor

All corporations must deduct the three per centum before declaring their dividends

For Example:

A man in business must make up the nett profits of his business for the year and pay the tax on the amount less $600

A man may outside of his business spend and even more than his profits in the business nevertheless he must pay tax on all nett business profits except the $600 And so with a salary all over $600 must be taxed though spent in personal or family expenses or not at all

The Income Tax for the year 1862 is assessable on the first day of May 1863 and is due and payable on or before the 30th June 1863 And any sums in [illegible] thirty days after the 30th June as aforesaid [illegible] days after demand by the Collector five per cent will be added to the amount unpaid

Each individual of any firm or partnership must make up his income separately

℞ AYER'S Cathartic Pills,
(*SUGAR COATED*)
ARE MADE TO
CLEANSE THE BLOOD AND CURE THE SICK.
Invalids, Fathers, Mothers, Physicians, Philanthropists, read their Effects, and judge of their Virtues.
FOR THE CURE OF

Headache, Sick Headache, Foul Stomach.

PITTSBURG, Pa, May 1, 1855

DR. J C AYER Sir I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills It seems to arise from a foul stomach which they cleanse at once If they will cure others as they do me, the fact is worth knowing, Yours with great respect,
ED W PREBLE *Clerk of Steamer Clarion.*

Bilious Disorders and Liver Complaints.

DEPARTMENT OF THE INTERIOR, WASHINGTON, D C, 7 Feb, 1856

SIR I have used your Pills in my general and hospital practice ever since you made them and cannot hesitate to say they are the best cathartic we employ Their regulating action on the liver is quick and decided consequently they are an admirable remedy for derangements of that organ Indeed, I have seldom found a case of *bilious disease* so obstinate that it did not readily yield to them Fraternally yours,
ALONZO BALL, M D., *Physician of the Marine Hospital.*

Dysentery, Relax, and Worms.

POST OFFICE, HARTLAND LIV CO., MICH., Nov 15, 1855.

DR. AYER Your Pills are the perfection of medicine They have done my wife more good than I can tell you. She had been sick and pining away for months. Went off to be doctored at great expense, but got no better She then commenced taking your Pills, which soon cured her, by expelling large quantities of worms (dead) from her body They afterwards cured her and our two children of bloody dysentery One of our neighbors had it bad, and my wife cured him with two doses of your Pills, while others around us paid from five to twenty dollars doctors' bills and lost much time without being cured entirely even then Such a medicine as yours, which is actually good and honest will be prized here. GEO J GRIFFIN, *Postmaster.*

Indigestion and Impurity of the Blood.

From Rev J V Himes, Pastor of Advent Church, Boston.

DR. AYER I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J. V. HIMES.

WARSAW, WYOMING Co., N. Y., Oct. 24, 1855.

DEAR SIR I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and purify the fountains of the blood.
JOHN G MEACHAM, M.D.

Erysipelas, Scrofula, King's Evil, Tetter, Tumors, and Salt Rheum.

From a Forwarding Merchant of St. Louis, Feb. 4, 1856.

DR. AYER Your Pills are the paragon of all that is great in medicine They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair After our child was cured, she also tried your Pills, and they have cured her.
ASA MORGRIDGE.

Rheumatism, Neuralgia, and Gout.

From the Rev Dr Hawkes of the Methodist Epis. Church.

PULASKI HOUSE, SAVANNAH, GA., Jan. 6, 1856.

HONORED SIR I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism Notwithstanding I had the best physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them I am now entirely well.

SENATE CHAMBER, BATON ROUGE, LA., 5 Dec., 1855.

DR. AYER I have been entirely cured by your Pills of Rheumatic Gout — a painful disease that had afflicted me for years.
VINCENT SLIDELL.

For Dropsy, Plethora, or kindred Complaints, requiring an active purge, they are an excellent remedy

For Costiveness or Constipation, and as a Dinner Pill, they are agreeable and effectual.

Fits, Suppression, Paralysis, Inflammation, and even **Deafness,** and **Partial Blindness,** have been cured by the alterative action of these Pills.

Most of the pills in market contain Mercury, which, although a valuable remedy in skilful hands is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no Mercury or mineral substance whatever.

AYER'S CHERRY PECTORAL
FOR THE RAPID CURE OF
COUGHS, COLDS, HOARSENESS, INFLUENZA, BRONCHITIS, WHOOPING COUGH, CROUP, ASTHMA, INCIPIENT CONSUMPTION,

and for the relief of consumptive patients in advanced stages of the disease.

We need not speak to the public of its virtues. Throughout every town, and almost every hamlet of the American States, its wonderful cures of pulmonary complaints have made it already known. Nay, few are the families in any civilized country on this continent without some personal experience of its effects and fewer yet the communities any where which have not among them some living trophy of its victory over the subtle and dangerous diseases of the throat and lungs. While it is the most powerful antidote yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and young persons. Parents should have it in store against the insidious enemy that steals upon them unprepared. We have abundant grounds to believe the Cherry Pectoral saves more lives by the consumptions it prevents than those it cures. Keep it by you, and cure your colds while they are curable, nor neglect them until no human skill can cure the inexorable canker that, fastened on the vitals, eats your life away. All know the dreadful fatality of lung disorders, and as they know too the virtues of this remedy we need not do more than to assure them it is still made the best it can be. We spare no cost, no care no toil to produce it the most perfect possible, and thus afford those who rely on it the best agent which our skill can furnish for their cure.
